

## Basic search techniques on – IntermedeOne.com

1. On [intermedeone.com](http://intermedeone.com)'s main page – you can begin a search by simply entering one or more keywords in the search box:

## Following are a few simple techniques to perform an advanced search

2. To include, in each one of your search results, all keywords entered, as in the following example for « rock hard metal », enter multiple keywords with no punctuation:

The screenshot shows search results for the query "rock hard metal". A red arrow points to the search bar with the text "With no punctuation between multiple keywords, each search result will include all keywords". Below the search bar, there is a table of search results. Red arrows point to the "Rock, Electro Rock" category in the first two rows and the "Rock, Alternative, Heavy, Hard Rock" category in the third row.

**With no punctuation between multiple keywords, each search result will include all keywords**
